The Brass Tap: Business partners **Samy Onsi and Mary Kate Roesch** left their corporate jobs for the opportunity to own a Brass Tap franchise, the first in Atlanta.

Opened in September 2015, Samy and Mary Kate were attracted to the busy Dunwoody Park Place Shopping Center because their research proved it is considered a 'destination location'. Both partners are betting on the future success of the beer bar concept and plan to customize their menu to offer more sophisticated lunch and dinner options.

According to the company's website, it is an upscale beer bar that offers up to 80 different craft beers on tap, more than 300 varieties of imports, including 'bold local brews'. They also aim to please the palate of the wine connoisseur by offering a large selection of premium wines. By all means, please consider staying over for dinner !!

Special Thanks to: Audrey MacKay, Assistant Store Manager, for helping to set up our cocktail party.

DIRECTIONS: Take Roswell Rd to the Perimeter Mall area and turn into the Park Place Shopping Center. The Brass Tap is located in the back of the center near McKendrick's Steakhouse.
