*The Brass Tap: Business partners Samy Onsi and Mary Kate Roesch left their corporate jobs for the opportunity to own a Brass Tap franchise, the first in Atlanta.*

*Opened in February 2016, Samy and Mary Kate were attracted to the busy Dunwoody Park Place Shopping Center because of its ideal location. Members of The Atlanta Black Tie Club who attend our first cocktail party at the Brass Tap were very impressed with our assigned meeting space, friendly servers, delicious appetizers, and extremely energized owners.*

*According to the company's website, it is an upscale beer bar that offers up to 70 different craft beers on tap, more than 80 varieties of bottles and cans, including "bold local brews". They also aim to please the palate of the wine connoisseur by offering a selection of wines. Consider staying over for dinner so you can enjoy the chef's creative menu.*

*Note: The Brass Tap offers a variety of entertainment activities, such as live entertainment on weekends, trivia night and sports broadcasts. Happy hour on Monday through Friday, 4:00-7:00, with select appetizers at discounted price as well as Pint of the week or select cocktails*
